# PLAY

## *at New South Wales Golf Club*

Situated on the rugged cliffs at La Perouse, New South Wales Golf Club overlooks Botany Bay where Captain James Cook first sailed into Australia on the SS Endeavour in 1770.

A Par 72 private golf club, designed by Dr. Alister MacKenzie, is a wonderful combination of undulating fairways, beautiful scenic vistas and a spectacular clubhouse which is a magnificent combination of traditional architecture and five star comfort.

## *at The Dunes Golf Links*

Opened in 1995 in the heart of Victoria's Mornington Peninsula, The Dunes is the 27 hole public golf course that helped revolutionise Australian golf. A championship links golf course, consistently ranked in the Top 25 in Australia, that is open to the public and a joy to play for golfers of all standards. Integral to our club are the welcoming clubhouse, a vibrant membership and a variety of practice facilities.

At The Dunes they understand the importance of offering their visitors flexible ways to enjoy the game. The Cups is a 9 hole course that is accessible for all players and built to the highest standards of course design, making it amongst the best 9 hole courses in Australia.

# PLAY

## *At the Royal Melbourne Golf Club*

Much has been written on the qualities of the West Course but put simply it's a combination of great design and construction. It is full of dramatic undulation, fertile sandy soil and a natural rugged appearance.

West Course highlights include bold bunkering while the rough areas around the tees and bunkers are a mix of native grasses which naturally frame each hole, providing great definition and contrast. The greens are brilliant and for decades have consistently provided the finest putting surfaces in Australia.

They are large and beautifully contoured they are built to accommodate approaches from a number of angles with each progressively more difficult the further the tee shot strays from the perfect line.

# EXPERIENCE

## *The National Golf Club*

**From the designer – Tom Doak**

“It’s got a character all of its own – it’s perfect land for golf. Plus you’ve got wind in play, it’s going to be firm and fast out there, so you’ve got just the right conditions for great play too.

“The bunkers and greens that we build, along with the routing, determine the feel of the course, and our style isn’t that similar to the Norman or Jones courses next door, so I didn’t spend as much time thinking about differentiation as I might if Bill Coore was building next door.

“I think many people will single out hole 2, especially if they remember the same hole on the Ocean course – it’s a much shorter par-4 and I think it’s much more exciting than before, even though we kept much of the original bunkering and just moved the green site. After that, the routing skips over into what used to be the back 9, and it’s harder for anyone to remember how the old holes compared to the new ones.”

# EXPLORE

## *King Island, Tasmania*

King Island is located in the Bass Strait between Victoria and northwest coast of Tasmania, and is one of the 330 islands that make up the entire state of Tasmania. It is well-known for world class cheese, fresh seafood, very clean air, and incredible golf!

# GOLF

## *at Cape Wickham Golf Links*

Set against a spectacular coastline and unspoiled natural terrain, Hoiana Shores brings the design genius of Robert Trent Jones Jr. to Vietnam – for the very first time.

Every hole on the course has an ocean view, which is extremely rare, and no 2 holes are the same. The undulating course normally plays firm, allowing the imagination to go wild with limitless shot-making possibilities. Tees, Fairways and Greens are all seeded with fescue grass, following in the footsteps of the old traditional links courses in Scotland and Ireland.
